CHAPTER 1
Mental Health

Can I have a very bitchy moment

Hey girl are you feeling any better

Hitting that Monday hard

Monday is hitting me hard

Lol

Kidding

So I just was watching the good place and crying my eyes out about death which is why I wasn't looking at my phone.

Bc I'm a responsible drunk 6:29 PM

Who cares about her health 6:29 PM

Literally I feel super drunk If you were here and dared me to set something on fire I would do it 6:30 PM

No questions asked 6:30 PM

Do you ever just feel so fucking exhausted

Or like overcome with lethargy

Lol

I got decent sleep last night, woke up ate a waffle and was like I need a nap

Lol

I just woke up. It's 1

This is what friends are for

We really are fucked

sooo fucked

It might be better to just gain some weight back instead of have to go bra shopping

It's post state college, I could die for all I care at this point

What is your stance on big and Carrie

I sobbed the whole time. It's like the end of toy story 3 for 45 minutes

NoOoooOoo

If it makes you feel any better I'm just putting "this is us" on

I've got a couple eps to catch up on so

I'll be crying very soon

Also I'm 100% teasing you but ... haha girl, you were such a Capricorn before

LOL

I feel SEEN

Lol it doesn't come out all the time but when you Capricorn you Capricorn ha

Sounds pretty scary tbh

I should send a warning out beforehand

CAP ALERT CAP ALERT

I love the first snow of winter and I hate running out of SPF

Lol

.... YOU'RE 10000 YEARS OLD GRANDMA

i guess women will make the same amount of money as men in 257 years

so if our great great grandchildren don't catch fire or dont OD on SPF 10000 they'll be paid equally

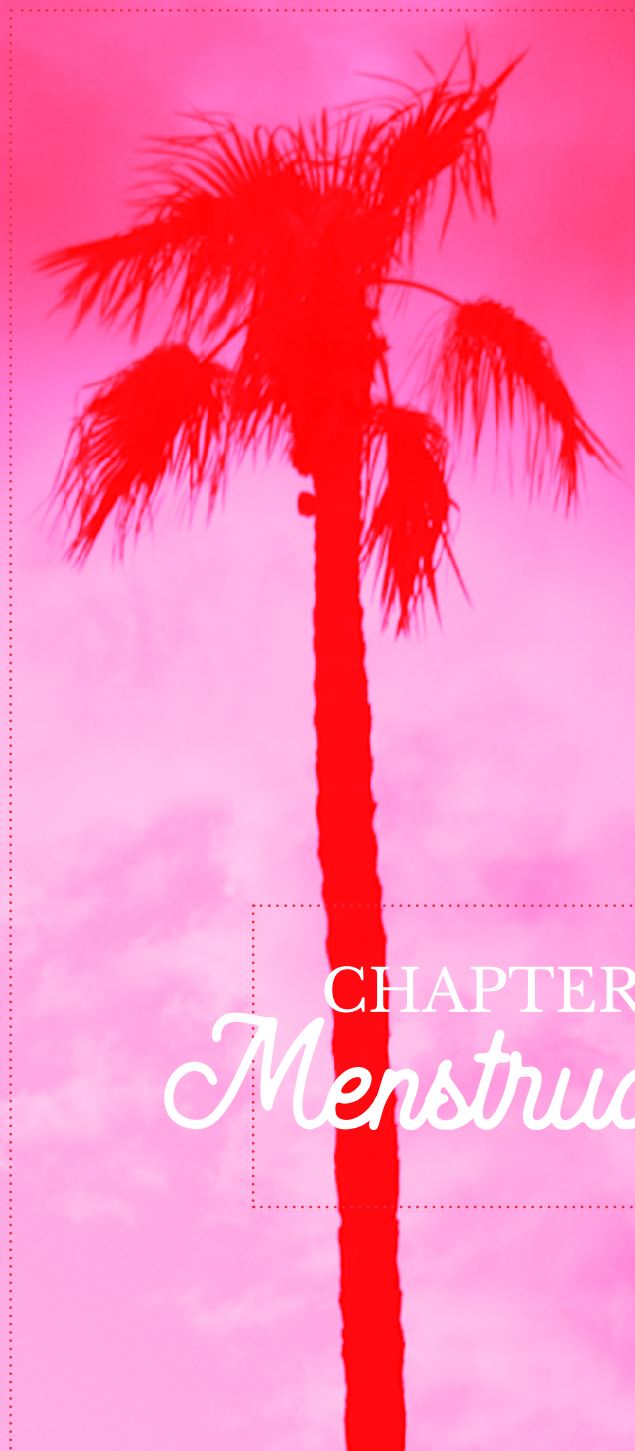

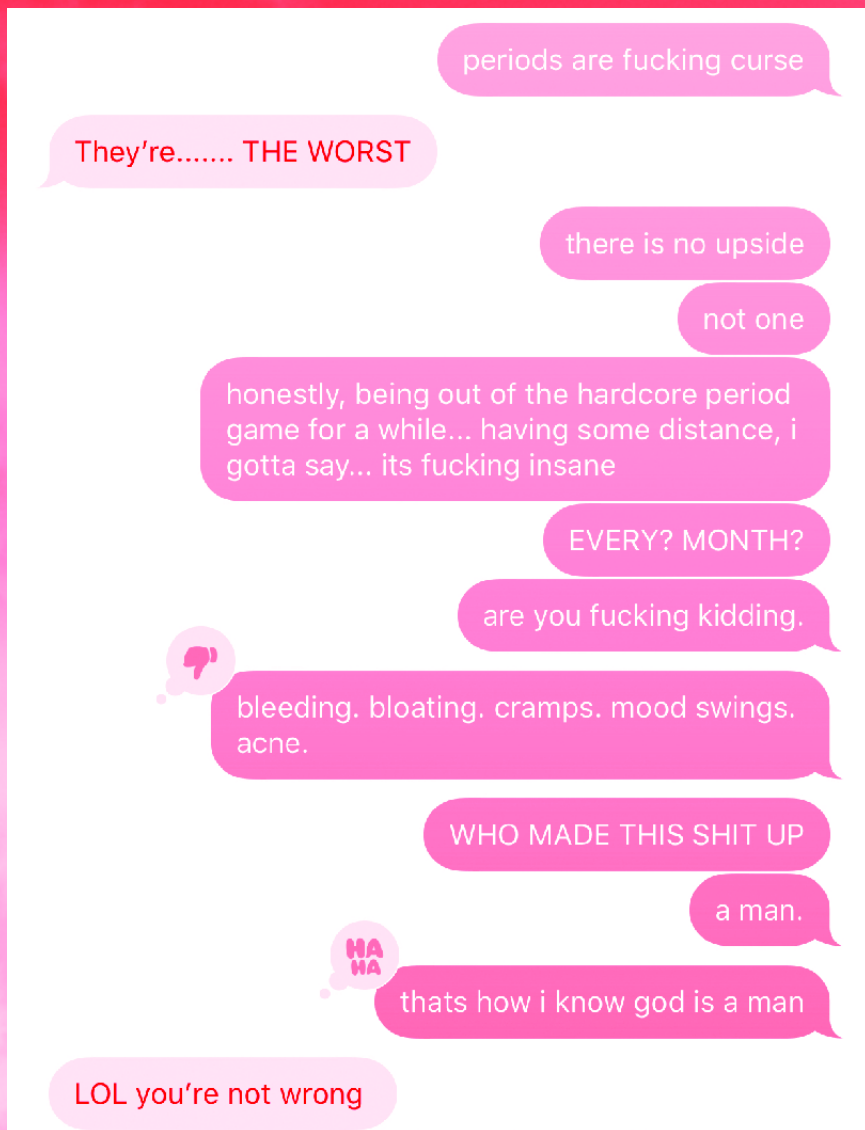

how cool is that

HA HA

we won't get to see it because we'll have been dead for about 200 years

BUT HOW COOL IS THAT

Literally burn it all down and start over

CHAPTER 2

Menstruation

I don't want to sound like a bitch.... but who uses a diaphragm

Our grandmothers

Lol no idea

What a nightmare

I've never even seen one in person

Wait... JGL is married?!

how much blood do we even bleed each month

Interesting that you ask

I read it varies greatly from woman to woman lol I was looking this up while YouTubing videos of howto insert a stupid diva cup

6-8 teaspoons I think is average

hmm not as much as i thought

i haven't had a period in so long.... diva cups weren't even invented yet

The world is nuts

Moves so quickly haha

i gotta say, the money i've saved on tampons is worth it alone

so where are you storing this blood

LOL this is a very good question, I thought I'd store the blood in a used glass kombucha bottle

Honestly I have no fucking clue how women do it

Even the small one is big

It's like

How do ppl stick this huge thing up inside them and just walk around

i read that there is a big learning curve to it but like who has fucking time for that!

did you fold it

how does it even go up

Seriously!! And who wants to be ramming things up their vagina! Lol yeah you gotta fold it but even still

Then it pops open inside you!

ouch

CHAPTER 3

Releationships

"hey lady. how is your life"

4/30/18, 2:54 PM

"better without you"

Lovin you

Woops

Lol

That was meant to go to nick but

I'm lovin you too!

Lol

do you need help with anything

Can you bring me a snuggle, some pickles and tostitos

HA

Remember when you ABANDONED me when we saw him in the market

Still mad about that

Just FYI

Well the universe got me back for it tonight

Also why is he a reoccurring character of this life!

I'm still a believer of throw up theory though.

You mean if someone holds your hair back, you're friends for life?

It makes everyone vulnerable so puts everyone on the same level. Plus it's a funny story so you have a bonded experience

Ya know, science

Okay so we need to all get divorced and marry someone from Netherlands

Lol wait WHAT haha

AMERICA IS MESS GIRL WAKE UP

HA HA

lolok TRUE ok

FAST AND THE FURIOUS 9 TRAILER IS OUT AND I LITERALLY YELLED

Bachelor robot

This woman is like baring her soul to him and he's like "oh my god that must've like been like so tough"

While sipping wine like whatever

Lol

How do we get on the show

I think it's like American idol

We have to go to a city when they're doing a casting call

Whatever we've got time

Is originally known for being on real housewives of Beverly hills

But she runs a few amazing restaurants in LA

She's known for: LOVING dogs and animals, doing a huge float for the gay pride parade, and usually being the most real and hornet housewife of Beverly Hills

She had a cute British old husband and they're barfy in love

She has*

She will sacrifice her own arm to save a puppy she loves animals so much

Anyway,

She runs some restaurants and that's the basis for Vanderpump Arles

Vanderpump Rules***

This real housewife got filled injected into her HANDS

But Beverly Hills is trash gold

Like gold

Same with vanderpump rules omggg

JVN > everything else

Liked by campwilson and 596,201 others

I love jonathon SO much

I want to marry him, bond our souls together forever and ever. Legally and emotionally.

I want to also marry the good place

The actress was in FF before Wonder Woman though

And Han is a character in Tokyo drift ... and they kill him off in the end of that movie

But he's suddenly alive in the next film because he's amazing and it's a real bummer he died

But then you're like wait.... when the fuck did all that happen?!!

And it throws this crazy plot twist into the timeline that serves nooooo purpose what so ever other than just to bring this wonderful character back

I love this

Tokyo Drift is like sort of a one off even though they tie it in but the main actor is sooo annoying and dumb

How's your night goin
